Data protection complaint (§ 24 DSG)

[REDACTED] (IMI-Nr.: A56ID 117029))

by RSb/letter/e-mail «emailadresse»

Subject: Communication; Termination of the procedure, final decision

The complainant [REDACTED] filed a complaint against [REDACTED] (respondent) to the Data Protection Authority in April 2020, and claimed an infringement of the right to object by not responding to his request in this regard.

By letter of 17 October 2022, the respondent complied with the complainant's request for opposition in the ongoing proceedings before the Data Protection Authority (which subsequently eliminated the alleged infringement of the non-accounted opposition, in accordance with the first sentence of Paragraph 24(6) of the DSG).

The complainant did not dispute the receipt of this letter in the parties granted to it and, despite a request to that effect, did not submit any further submissions. A corresponding forwarding report is attached to the act and there is no error message from an e-mail server.

Accordingly, the appeal procedure pursuant to Paragraph 24(6) of the DSG — as notified to the complainant by letter of 19 October 2022 — had to be closed informally (without notice).
