## 22nd meeting of the Coordinated Supervision Committee

17 and 18 February 2026, Remote meeting

### Summary

#### Joint online meeting CSC-KEYP-BTLE

- **Introduction by the coordinators**
- **Presentation of the infonote on recipients by CSC ETIAS WG and Q&A**

An initial introductory CSC-KEYP meeting, with the participation of the BTLE members took place. The rapporteur presented the case study, and the questions asked to the KEYP and BTLE ESGs. Clarifications were provided on the role of each entity involved. With respect to the disclosure of personal data, a few members recalled the position taken by the EDPB in previous EDPB documents, notably in the field of transfers and on applicable law. In addition, members discussed the interpretation of the public authority exemption in Article 4(9) GDPR in cases where the controller does not receive the request for access directly and the definition of recipients, also in relation to the structure of the Central Access Point. It was agreed to discuss again the topic during a subsequent meeting with the participation of KEYP and BTLE members. In addition, it was agreed that a poll would be launched regarding the various questions as there were some diverging views.
