

Deliberation No 21_RECLEU16_2026 of 10 February 2026 of the National Data Protection Commission, in a plenary session, on complaint file No 11.244 lodged against the company [REDACTED] via IMI Article 61 procedure 570820

Having regard to Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (hereinafter: the “**GDPR**”);

Having regard to the Act of 1 August 2018 on the organisation of the National Data Protection Commission and the general data protection framework;

Having regard to the Rules of Procedure of the National Data Protection Commission adopted by Decision No 07AD/2024 of 23 February 2024;

Having regard to the Procedure for complaints before the National Data Protection Commission adopted on 16 October 2020 (hereinafter referred to as the “**Complaint Procedure before the CNPD**”);

Having regard to the following:

I. Facts and procedure

1. In the framework of the European cooperation, as provided for in Chapter VII of Regulation (EU) 2016/679 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation or GDPR), the Supervisory Authority of Bavaria for the Private Sector submitted to the National Data Protection Commission (hereinafter: “the CNPD”) a complaint (national reference of the concerned authority: LDA-1085.3-6580/23-I) via IMI in accordance with Article 61 procedure - 570820.
2. The complaint was lodged against the controller [REDACTED] (hereinafter [REDACTED] or the “controller”), who has its main establishment in Luxembourg. Under Article 56 GDPR, the CNPD is therefore competent to act as the lead supervisory authority.
3. The original IMI claim stated that the complainant deleted his [REDACTED] account in 2022. [REDACTED] confirmed the complainant by telephone that all his personal data had been deleted. However, the complainant received unsolicited/unordered deliveries from [REDACTED] (e.g. 11 August 2023) and concluded that the company did not delete his data.
4. In essence, the complainant asked the CNPD to verify if his personal data has been deleted by the controller.
5. The complaint is therefore based on Article 17 GDPR.

6. On the basis of this complaint and in accordance with Article 57(1)(f) GDPR, the CNPD requested [REDACTED] to take a position on the facts reported by the complainant and to provide a detailed description of the issue relating to the processing of the complainant's personal data, in particular with regard to his request for erasure. Moreover, the CNPD required [REDACTED] to proceed to the deletion of the complainant's personal data as soon as possible, unless legal reasons prevent the former from doing so.
7. The CNPD received the requested information within the deadlines set.

II. In law

1. Applicable legal provisions

8. Article 77 GDPR provides that *"without prejudice to any other administrative or judicial remedy, every data subject shall have the right to lodge a complaint with a supervisory authority, (...) if the data subject considers that the processing of personal data relating to him or her infringes this Regulation."*
9. Pursuant to Article 17 GDPR, a data subject may request the erasure of his or her personal data and the controller must erase the data subject's personal data without undue delay if one of the grounds provided for in Article 17 (1) GDPR applies unless the controller can demonstrate that the processing falls within the scope of one of the exceptions set out in Article 17 (3) GDPR.
10. Furthermore, in application of Article 12(2) GDPR *"the controller shall facilitate the exercise of data subject rights under Articles 15 to 22"*. Recital 59 GDPR emphasises that *"Modalities should be provided for facilitating the exercise of the data subject's rights under this Regulation, including mechanisms to request and, if applicable, obtain, free of charge, in particular, access to and rectification or erasure of personal data and the exercise of the right to object. The controller should also provide means for requests to be made electronically, especially where personal data are processed by electronic means."*
11. Article 56(1) GDPR provides that *"(...) the supervisory authority of the main establishment or of the single establishment of the controller or processor shall be competent to act as lead supervisory authority for the cross-border processing carried out by that controller or processor in accordance with the procedure provided in Article 60"*;

12. According to Article 60(1) GDPR, "*The lead supervisory authority shall cooperate with the other supervisory authorities concerned in accordance with this Article in an endeavour to reach consensus. The lead supervisory authority and the supervisory authorities concerned shall exchange all relevant information with each other*";
13. According to Article 60(3) GDPR, "*The lead supervisory authority shall, without delay, communicate the relevant information on the matter to the other supervisory authorities concerned. It shall without delay submit a draft decision to the other supervisory authorities concerned for their opinion and take due account of their views*";

2. In the present case

14. Following the intervention of the Luxembourg supervisory authority, the controller confirmed that they have investigated this matter and confirmed that there is no customer account associated with the complainant's email address.

[REDACTED] also confirmed that the complainant was in contact with the customer service in August and September 2023 regarding numerous fraudulent orders. These orders were placed by a bad actor via a fraudulent customer account using the complainant's personal information (name and address). The fraudulent customer account has been blocked and all orders either cancelled or the debt written off. To their knowledge, the complainant did not suffer any financial damage.

The controller has no indication of a data breach on [REDACTED] side regarding the complainant's personal information. To prevent the abuse of personal data, [REDACTED] has security measures in place to detect fraudulent behavior and maintain physical, electronic as well as procedural safeguards. However, identity thefts which takes place outside of [REDACTED] can hardly be prevented by [REDACTED]. According to the controller, there are many different ways how the complainant's name and address could have been obtained outside of [REDACTED], such as public mailing lists, phone books or breaches on other websites.

Finally, the controller underlines that, to prevent similar cases in the future, they have implemented additional measures to block the creation of fraudulent [REDACTED] accounts using the same data or patterns as those used in the blocked account.

Deliberation No 21_RECLEU16_2026 of 10 February 2026 of the National Data Protection Commission, in a plenary session, on complaint file No 11.244 lodged against the company [REDACTED] via IMI Article 61 procedure 570820

[REDACTED] will inform the complainant of the abuse of his personal information by a third-party and of their further actions.

The CNPD therefore concludes that the controller has taken all appropriate measures to resolve the matter.

3. Outcome of the case

15. The CNPD, in a plenary session, therefore considers that, at the end of the investigation of the present complaint, the controller has taken appropriate measures to grant the complainant's right to erasure, in accordance with Article 17 GDPR.

16. Thus, in the light of the foregoing, and the residual nature of the gravity of the alleged facts and the degree of impact on fundamental rights and freedoms, it does not appear necessary to continue to deal with that complaint.

In light of the above developments, the National Data Protection Commission, in a plenary session, after having deliberated, decides:

- To close the complaint file 11.244 upon completion of its investigation, in accordance with the Complaints Procedure before the CNPD. As per Article 60(7) GDPR, the lead supervisory authority shall adopt and notify the decision to the main establishment or single establishment of the controller.

Belvaux, dated 10 February 2026
