Such events or meetings can be in person or online, and such written exchanges may include emails, surveys and questionnaires.

Where the participant provides their consent, photographs and videos of that participant may be used for communication purposes, including in publications on the EDPB website and the EDPB social media accounts.

10.	Legal basis	For the organisation, management, running and follow-up of an event, meeting or written exchange with stakeholders, including cooperating with public authorities, the EDPB processes personal data for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Union institution or body under Article 5(1)(a) and (2) of Regulation (EU) 2018/1725². More specifically, events, meetings and written exchanges with stakeholders are organised in order for the EDPB to fulfil its tasks under Articles 70 and 71 GDPR. The EDPB relies on Article 10(2)(e) of Regulation (EU) 2018/1725 for the processing of any special categories of personal data³ which participants might include when taking the floor in a stakeholders event or in the chat function of the conference tool. When participants include such categories of personal data in written exchanges with the EDPB including upon providing feedback in a follow up action, the EDPB relies on Article 10(2)(g) of Regulation (EU) 2018/1725. The names of participants from a data protection supervisory authority may be shared with the other participants to the stakeholders event for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Union institution or body under Article 5(1)(a) and (2) of Regulation (EU) 2018/1725. The names of other types of stakeholders (e.g., from a civil society organisation or a business) may be shared with the other participants to the stakeholders event on the basis of their consent (Article 5(1)(d) of Regulation (EU) 2018/1725). On the basis of the participants' consent, in line with Article 5(1)(d) of Regulation (EU) 2018/1725, the EDPB may include them on a contact list in order to inform them of future initiatives and events that the EDPB may organise, as well as for the publication and dissemination of results from the event (where applicable).
